

# INVITATION

The project "Going ahead with Euro-Med" lead by the City of Munich, Department of Education, Unit for European and International Exchanges and Projects, is an intercultural training and capacity building seminar for teachers involved in student exchanges. The project is funded and supported by the Anna Lindh Foundation.

The specific objective of the project is to promote intercultural awareness amongst teachers who are actively involved in international youth exchange between schools in the Euro-Mediterranean region. The training will provide knowledge and present tools and methods to maintain and safeguard successful youth exchanges. It will also offer different perspectives and approaches for intercultural learning. The long-term project perspective and aim is to develop an intercultural learning handbook for youth exchanges in the Euro-Mediterranean region.

The project is run in partnership with institutions and organisations in Jordan, Israel, Croatia, and Spain.

We are looking forward to welcoming you at the Academy for Civic Education in Tutzing.

Jörg Siegmund  
Academy for Civic Education Tutzing
